

Melissa Bonham was appointed the Science, Technology, Engineering, and Mathematics Supervisor for the district in September, 2015. Her responsibilities include facilitating professional development, evaluating staff, and the development and implementation of curricula.

Prior to her employment at Pittsgrove, Ms. Bonham was an Agriculture and Biology Teacher for Cumberland Regional High School for 8 years. She was the Advanced Placement Teacher of Biology for the last 6 years, but has experience working with students of all educational backgrounds. While at C.R.H.S. she served as a coach for the girl's tennis team for 5 years, co-advisor for A-Team Tutoring, and participated on numerous committees. In 2014, she was named the district's Teacher of the Year. Additionally, Ms. Bonham worked as a researcher for the Rutgers Agricultural

Research and Extension Center in Upper Deerfield from 2000 to 2007.

Ms. Bonham, a lifetime area resident, is a graduate of Cumberland Regional High School. She earned a Bachelor's of Science in Biology from Monmouth University in 2001 and completed her Master's of Science in Biology from Rutgers University in 2005. Most recently, she completed the Supervisor Certification Program through Rowan University.
